

REACH DECLARATION

TV Sharp 43GD series

REACH, the European Union Regulation (EC 1907/2006) on the Registration, Evaluation, Authorisation and Restriction of Chemicals, entered into force on June 1, 2007.

One objective of this regulation is to improve, within the overall framework of sustainable development, the protection of human health and the environment from the risks of chemical substances.

Sharp supports this objective and, under the Sharp Code of Conduct, is taking a proactive approach to compliance with laws and regulations.

According to REACH Article 33 (duty to communicate information on substances in articles), when an article contains a substance from the SVHC (Substances of Very High Concern) Candidate List in a concentration above 0.1% of the weight of the article, suppliers are required to provide the recipients and, upon request, the consumers of that article with information about the SVHC. The first 'Candidate List' of SVHC was published by the European Chemicals Agency (ECHA) on October 28, 2008, followed by several others since then.

Sharp confirmed to check the REACH SVHC by SVHC candidate list on 25th May 2021.

To comply with this regulation, Sharp requests all of its suppliers to provide information on SVHCs. To date, Sharp's findings are as follows:

Generally, the SVHCs listed on the next page may be contained in the products or service parts of products:

Based on information provided by Sharp suppliers, it is believed that no other SVHCs are contained above 0.1% in any Sharp products.

SHARP

The product **Sharp 43GD series** has been tested in a laboratory and contains above 0.1% of the below substances: -

SVHC	EC No.	CAS No.
Lead	231-100-4	7439-92-1

Due to the product containing over the permitted 0.1% w/w of the above SVHC, according to the REACH Regulation, the following safe use information is provided to supplier or distributor.

Safe use:

- The product is not designed to come into frequent or prolonged handling by the consumer.
- The following warning is stated in the manual, included with the product – *'Please don't take the product apart'*.
- Further information is provided in the manual – *'Please do not attempt to open this product. There are no user serviceable parts inside.'*
- Disposal information is provided: - *'Products showing the 'Crossed Through' wheellie binsymbol must be recycled separately from household waste at the end of their useful life. Please DO NOT dispose of this appliance in normal household waste. Your local appliance retailer may operate a 'take-back' scheme when you are ready to purchase a replacement product, alternatively contact your local government authority for further help and advice on where to take your appliance for recycling.'*
